# Transforming Care, Building the Right Support – Sharing initiatives that are making a difference and sustaining positive impact

6 October 2017—arrive 9.45am, start 10:00am, to depart at 3:30pm. The Hilton Hotel, Sheffield City Centre

A free event. Limited to 5 places per TCP area on a first come, first served basis.

## Aims of the Conference

This conference has two main aims:

- Share learning from good practice and highlight how people have made a difference to transform care and lives
- Explore what we can achieve (continuing the Transforming Care programme beyond March 2019)

## Who Should Attend?

Colleagues from the Transforming Care Partnerships and those improving the quality of life for people with learning disabilities and/or autism—including those with behaviours that challenge—at all levels:

- Senior Responsible Officers
- Commissioners
- Clinicians
- Providers
- Those in the Voluntary, Community, and Social Enterprise sector
- Those with lived experience

## The programme

The programme for the day will include presentations, interactive sessions, workshops and panels with opportunities to network with local, regional and national colleagues.

National expert speakers and presenters from a range of backgrounds will provide practical guidance on delivering Transforming Care.

## Key Speakers include:

**Fiona Ritchie**, MD, Turning Point; **Carrie Grant**, Parent and TV Presenter (TBC); **Judith Thompson**, Network Lead and Assurance Lead, North East & Cumbria LD Network; **Helen Toker-Lester**, Transforming Care Lead, ADASS; **Jane Alltimes**, Transforming Care Lead, LGA; **Karen Parry**, CEO, Inclusion North; **Marianne Selby-Boothroyd**, Director of Development, Certitude; **Martin Punaks**, Head of Global Training and Advisory Services, Lumos; **Mark Lever**, CEO, NAS

## Workshops

More information will be available shortly about the workshops, themes for the workshops will include:

- Developing appropriate community provision: the challenge for housing and workforce
- Working with families and people with lived experience to design innovative, bespoke solutions at the TCP level and for individuals
- Commissioners: How best to work with providers to develop tailored, personalised, community based solutions

The workshops will be an opportunity to hear about good practice and learn about how people are making a difference to transform care and lives.
